

Student lab computer login, file access and storage

Please login to the login screen with your NetID in the form of netid@tamu.edu.

Please enter your NetID password in the password field.

If you get a login error, please check your password at <https://gateway.tamu.edu/> or call TAMU Helpdesk Central at 979.845.8300.

File Access and Storage

Once you are logged into the network, you will have access to the following network drives:

V: (department drive) points to your department's shared area. (This is primarily for

graduate students and faculty)

W: (cvm-dfs) A list of all available department and labs shares. You may not have access to view into each folder.

U: (netid) points to your user area

X: (Students) points to the student area, including a folder for Scratch (not everyone will have this drive)

Warning: Every Sunday, the server checks the dates on the files in the scratch folder. Anything that hasn't been modified for **MORE THAN FOURTEEN (14)** days is automatically deleted.
